

DANNY AVILA - ONE SHEET

My name is Danny Avila. I've been working in media production, including photography, web design/graphics, and video for well over ten years. During that time, I have also managed and owned my own media company in Southern California. It has been an amazing journey so far!

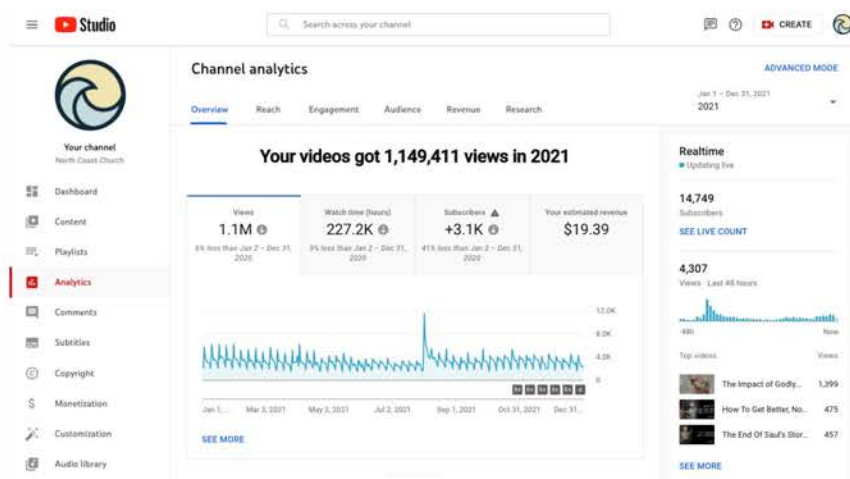

Over the years, I've worked with different brands and organizations from small projects to large feature productions. Some of my clients in the past have been: [Catalyst Creative](#), [BMW & Mini of Escondido](#), [North County Media Center](#), [Dynamic Church Planting International](#), [North County Daily Star](#), [Vista City Council](#), [Saddleback Church](#), [Anthem Church](#), [Christian Podcast Central](#), [The Catalina Island Company](#), [Mark 9 Ministries](#), [Tri-City Christian School](#), [The Mikey Show](#), [Larimore Production Company](#), and many youtube creators.

Alongside my media company, I work full time at North Coast Church in their web, video and photography departments. For the last ten years, I have had the pleasure of working there. It has allowed me to grow and learn in my passion even more. At North Coast I have a team of seven video professionals that I manage. As well as, six interns that I mentor and teach in a weekly four hour class. My main role at North Coast Church is to manage our day to day operations and work with our staff from concept to delivery.

Youtube Stats

I manage and develop content for one of the largest churches in San Diego, with over 15,000 in person attendance and over a million hits on Youtube in 2021.

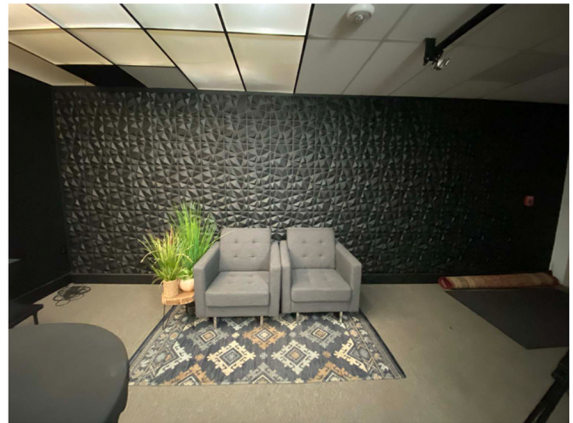

Studio Build

I WAS THE LEAD DESIGNER IN CONVERTING A 20FT BY 17FT SPACE INTO A USABLE MULTIPURPOSE, TURN KEY STUDIO.
